THE KLEINER FEIGLING GAME

Kleiner Feigling is a fig-flavored vodka liqueur.

1. Head over to the Bierhaus and buy a few chilled bottles of delicious awesomeness
2. Tap the plastic lid firmly on the table until you see bubbles rise in the liquid. This “wakes” the shot and kicks off the ritual.
3. Twist off the cap and gently press it onto your nose. Make sure it’s secure enough to stay put without hands helping.
4. Do a quick countdown or a communal toast. Keep hands off the cap once the count starts.
5. Raise the mini, drink it in one go, and keep the cap balanced on your nose the entire time. No touching or readjusting allowed.
6. Anyone who drops the cap during the drink loses the round and buys the next minis for the group.
